## **UNITED WAY OF NORTHERN BRITISH COLUMBIA (UWNBC) – COMMUNITY IMPACT IN CHETWYND**

As part of UWNBC community development work, community issues were identified through research and consultation for UWNBC’s 3 pillars: **Successful Kids/Empowered Families, Involved Seniors** and **Healthy Citizens and Safe, Supportive Communities**.

The Chetwynd issues identified can be summarized as:

<b>Successful Kids/Empowered Families</b>	<b>Involved Seniors</b>	<b>Healthy Citizens and Safe, Supportive Communities</b>
Need to develop a youth centre	Need a broader range of supports to help seniors live independently (i.e. advocacy support, house cleaning, home maintenance, meal preparation, etc.)	Need more frequent access to a broader range of mental health supports
Need parenting programs to support a broader range of parenting needs (i.e. lone parent, children with behavior / development challenges, addictions issues)		Need to develop better physical infrastructure to enhance the mobility of those with physical disabilities
Need a broader range of child care programs (i.e. 0-3 years of age, shift workers, affordable child care)		Need a detox facility with follow up programs for those recovering from addictions

Listed below are current community development, organizational capacity enhancements and community investments that begin to address the community issues identified above. With your support UWNBC will continue to assess needs and invest for change.

### **COMMUNITY DEVELOPMENT**

- **Community Impact and Investment Committee (CIIC)** – As part of the ongoing work to strengthen the impact UWNBC investments have across northern BC, a Community Impact and Investment Committee (CIIC) is currently being formed in Chetwynd. Made up of community leaders, donors and citizens - the results of their community engagement can be seen in the community impact investment listed below.
